Your safety is our top concern. That's why Marshall County EMA wants to make sure you know about emergencies and incidents as they happen. By opting into the “ALERT MARSHALL COUNTY” emergency notification system you'll be informed before, during, and after incidents that could impact your safety.

The “ALERT MARSHALL COUNTY” emergency notification system, powered by Everbridge, will allow us to send you messages about weather situations as they happen across multiple devices, including your home phone, mobile device, email, and more.

For this system to be a success, we need your contact information so we can reach you in the event of an emergency.
